

2510/2550

Floor Burnishers

2510/2550 FLOOR BURNISHER SPECIFICATIONS

PAD SYSTEM

Motor Power:	3 hp	2238 watts
Motor/Pad RPM:	2000 (Nominal Load), 2500 (No Load)	
Variable Pad Pressure:	15-40 lbs	7-18kg
Pad Driver:	Flexible, full pad contact	

DRIVE SYSTEM

Transport Mode:	Pad assist forward motion (2510) Self-propelled, variable speed (2550)	
Main Wheels (Non-marking):	(2) 8 in	20.3 cm
Casters (Non-marking):	(1) front, 3 in	7.6 cm

BATTERY SYSTEM

Description:	(3) 215 ah capacity battery	
Continuous Run Time:	(2510) Nominal load-2.4 hrs (2510/2550) Minimum load-3 hrs	
Charging Unit Description:	36V DC	25 amp

DIMENSIONS

Product Height:	40 in	102 cm
Product Length:	52 in	132 cm
Product Width:	24 in	61 cm
Product Weight:	525 lbs with batteries	243 kg

PRODUCTIVITY

Maximum Coverage Rate:	21,000 ft ² /hr	1,951 m ² /hr
Burnish Width:	20 in	50.8 cm

DUST CONTROL SYSTEM

Standard:	Paper filter bag, 99% filtration at 1.0 micron, filter particles as small as 0.1 micron	
-----------	--	--

TO CUSTOMIZE, HERE ARE YOUR OPTIONS:

Cloth filter bag, 98% filtration at 0.1 micron, red flashing safety lights, safety key switch ignition, auto stop button, parking brake and low battery shut-off indicator

Choose Tennant Burnishers for the Best Shine

Get high gloss performance and productivity with these 20 in/50.8 cm battery-powered burnishers! Choose either the pad assisted model 2510 or 2550 self-propelled unit. The patented floating pad head design provides 15-40 lbs/7-18 kg of variable down pressure for superior performance and glides over irregular floors to ensure even burnishing. These burnishers employ a built-in dust control system that captures fine particles in a filter bag for better indoor air quality. Airflow created by the pad motion forces dust and particulates through the clean air system. Compact design and a low profile base allow these battery machines to burnish under shelving and fixtures. Cover up to 21,000 ft²/1,951 m² per hour with greater mobility and productivity.

Ideal for retail, education and healthcare, the 2510 and 2550 models are excellent for burnishing hard floor surfaces to a brilliant shine.

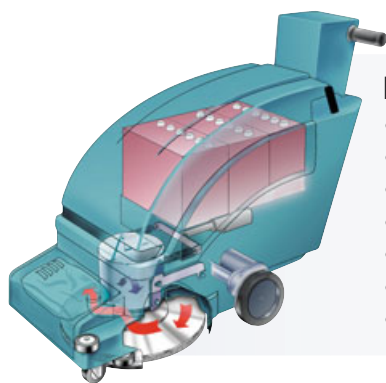

Adjustable height control console, and fingertip controls for operator comfort and convenience.

Easy access to dust filtration compartment for quick disposal of debris.

Tilt back shut-off for operator safety and quick pad adjustment and removal.

KEY FEATURES:

- Height adjustable console
- Easy twist grip controls
- Floating head design
- Dust control system
- Adjustable pad pressure
- Auto tilt shut-off feature
- Easy access hatch design
